

Platform Sustainability in Academia

Vision & Mission

- **We promote the integration of** topics, ways of thinking and learning methods related to **sustainable development into teaching**.
- **We equip students** with the interdisciplinary set of skills, competencies, know-how and the knowledge **to tackle** 21st century **sustainability challenges**.
- **The platform is like a toolbox, providing high-quality**, quickly findable and **freely accessible learning material**, presentations, case studies and instructions for innovative learning methods, **which can easily be used by lecturers**.
